## PRÄZISION BIS IN DIE KLEINSTE SPITZE

### PRECISION DOWN TO THE SMALLEST POINT

Die Firma FEUERSTEIN kann auf eine über 50-jährige Tradition in der chirurgischen Nadelherstellung zurückblicken und verbindet somit die Verwendung neuester Technologien mit der jahrzehntelangen Erfahrung auf diesem Gebiet.

Mit dem Ausbau unserer Produktionsstätte in Berlin, Deutschland, hat sich unser Angebot vergrößert:

- Wundnadeln
- Atraumatische Nadeln
- Nahtmaterial
- Drainagenadeln
- Wolframnadeln
- Präzisionsteile für die Medizintechnik
- Reinraumarbeiten

Der Erfolg unseres Unternehmens ist begründet in der gewissenhaften Erfüllung der Kundenwünsche sowie der Einhaltung unserer hohen Qualitätsansprüche. Unsere Nadeln werden aus hochwertigem Edelstahl hergestellt. Im Prozess der Herstellung und mit unseren Produkten erfüllen wir selbstverständlich die Vorgaben des Umweltschutzes.

Die Produkte der Firma FEUERSTEIN werden in über 40 Länder auf alle Kontinente exportiert.

*Since more than 50 years the FEUERSTEIN has been manufacturing surgical needles. With the expansion our production facility in Berlin, Germany, our range has been widened as follows:*

- Needles
- Atraumatic Needles
- Sutures
- Wound drainage trocars
- Tungsten Needles
- Precisionparts for medical technology
- clean room workd

*In our production we ensure the highest quality parameters to fulfill the costumers` needs. With our experiences extending over several decades, and the application of the latest technologies we provide the basis for the success of our company. As a matter of course our needles are manufactured of high-quality stainless steel under environmental compliance. We export our needles to over 40 countries in all parts of the world.*

## QUALITÄT

Die Qualität und Sicherheit unserer Produkte haben bei uns oberste Priorität.

Wir sind stets darauf bedacht, unseren Kunden den bestmöglichen Service und die hochwertigsten Produkte zu bieten. Um unsere hohen Qualitätsstandaraufrecht zu erhalten, optimieren wir fortwährend unsere Fertigungsprozesse.

Wir sind zertifiziert nach DIN EN ISO 13485.

### Quality

*The quality and safety of our products is our top priority.*

*We always strive to provide our customers with the best possible service and the highest quality products. Therefore, in order to maintain our quality standards, we constantly optimize our manufacturing processes.*

*The Quality Management System is certified according to DIN EN ISO 13485.*

# QUALITÄT AUF DEN PUNKT GEBRACHT

QUALITY BROUGHT TO THE POINT

# UNSERE WERTE

OUR VALUES

**1. Pünktlich:** Pünktlichkeit hat in unserem Unternehmen einen hohen Stellenwert. Unser durchdachtes Zeitmanagement gewährleistet, dass Ihre Waren stets termingerecht bei Ihnen eintreffen.

**punctual:**

*Punctuality has a high priority in our company. We follow a strict time protocol in the production and delivery of our products, so you can be sure to always receive your goods on time.*

**2. Flexibel:** Es ist für uns von besonderer Bedeutung, flexibel und stets im Interesse unserer Kunden zu arbeiten. Da die Zufriedenheit unserer Kunden für uns an oberster Stelle steht, ist es für uns unverzichtbar, den Wünschen unserer Kunden entgegenzukommen und ihren Anliegen nachzugehen, um ihnen die bestmögliche Lösung zu bieten.

**flexible:**

*It is of special importance for us to work flexibly and always in the interest of our customers. Since customer satisfaction is our top priority, it is essential for us to accommodate our customers' requests and follow up on their concerns in order to provide them with the best possible solution.*

**3. Erfahren:** Wir bei FEUERSTEIN sind bereits seit über 50 Jahren in der Medizintechnik tätig. Wir bieten Ihnen jahrelange Erfahrung, in Verbindung mit modernster Technik und Fortschrittsorientierung.

**experienced:**

*At FEUERSTEIN, we have been in the medical device industry for over 50 years. We not only offer years of experience in medical technology, but also state-of-the-art technology and a focus on progress.*

**4. Persönlich:** Der persönliche Kontakt und Umgang mit unserem Kunden ist uns bei FEUERSTEIN besonders wichtig. Es ist uns eine Herzensangelegenheit, direkt mit unseren Kunden zu kommunizieren und ihnen so genau das Produkt zur Verfügung zu stellen, das sie brauchen. Für besondere Wünsche, Nachfragen oder Anregungen sind wir stets offen. Zögern sie nicht, uns zu kontaktieren!

**personally:**

*Personal contact and interaction with our customer is particularly important to us at FEUERSTEIN. It is a matter of heart to communicate directly with our customers and thus provide them with exactly the product they need. We are always open for special requests, inquiries or suggestions. Do not hesitate to contact us!*

# CHIRURGISCHES NAHTMATERIAL

Surgical Sutures · Matériel chirurgical à suture · Material quirúrgico para Sutura

Unsere Faden-Nadel-Kombination aus Seide und Polyester finden hauptsächlich Anwendung in der Dental-Medizin.

*Our needle-thread combination of silk and polyester are mainly applied in dental medicine*

## SEIDE SCHWARZ

Silk black

Seide ist ein natürliches Material, dass sich durch seine weiche Struktur auszeichnet. Dadurch entsteht ein besserer Knotensitz, ein angenehmes Handling und eine hervorragende Gleitfähigkeit.

*The natural material used for threads made of silk is comparatively very soft. This creates a better knot fit, a comfortable handling and excellent gliding ability.*

## POLYESTER GRÜN

Polyester green

Durch die synthetische Erzeugung des Fadens wird eine Kapillarität verhindert und die daraus folgenden Keimübertragung unterbunden. Durch die Materialbeschaffenheit kommt eine sehr hohe Knotenreißfestigkeit und optimale Gleitfähigkeit hinzu.

*The synthetic production of the thread prevents capillarity and therefore prevents the consequent transmission of germs. Additionally by the Material properties have a very high knot tensile strength and optimal sliding properties.*

obligations on time or properly, we shall be entitled to reasonably postpone our delivery dates and deadlines in accordance with the needs of the production process. (6) The Buyer may not reject independent partial deliveries.

#### § 7 Transfer of risk and shipment

Delivery shall always be made, even in the case of postage or freight paid delivery, for the account and at the risk of the purchaser from the moment the consignment leaves our premises. If the shipment is delayed due to the fault of the purchaser, the risk shall already pass to the purchaser on the day of readiness for shipment. In this case, we are entitled to store the goods at the expense and risk of the buyer and to invoice them as delivered. We will be pleased to have transport risks covered for your account at the favorable insurance conditions. We will choose the most advantageous packaging and transport method for shipment, unless you give us special instructions.

In the event of transport damage, the purchaser shall immediately arrange for a statement of facts. (4) For export, the Incoterms 2020 shall apply for the interpretation of customary delivery clauses.

#### § 8 Retention of title.

We reserve title to the delivered goods until full payment of all claims arising from the delivery contract. This shall also apply to all future deliveries, even if we do not always expressly refer to this. We shall be entitled to take back the purchased goods if the purchaser acts in breach of contract.

As long as ownership has not yet passed to him, the purchaser is obliged to treat the object of sale with care. In particular, he shall be obliged to insure it adequately at his own expense against theft, fire and water damage at replacement value (note: only permissible in the case of sale of high-value goods). If maintenance and inspection work has to be carried out, the Purchaser shall carry this out in good time at its own expense. As long as ownership has not yet been transferred, the purchaser must inform us immediately in writing if the delivered item is seized or exposed to other interventions by third parties. Insofar as the third party is not in a position to reimburse us for the court and out-of-court costs of an action pursuant to § 771 ZPO (German Code of Civil Procedure), the Purchaser shall be liable for the loss incurred by us.

The customer shall be entitled to resell the reserved goods in the normal course of business. The Purchaser hereby assigns to us the claims against the customer arising from the resale of the goods subject to retention of title in the amount of the final invoice amount agreed with us (including value added tax). This

assignment shall apply irrespective of whether the purchased goods have been resold without or after processing. The customer shall remain authorized to collect the claim even after the assignment. Our authority to collect the claim ourselves shall remain unaffected. However, we shall not collect the claim as long as the customer meets his payment obligations from the collected proceeds received, is not in default of payment and, in particular, has not filed for insolvency proceedings or suspended payments. [Note: This clause shall not apply if no extended retention of title is intended].

The processing or transformation of the object of sale by the customer shall always be carried out in our name and on our behalf. In this case, the purchaser's expectant right to the object of sale shall continue to apply to the transformed object. If the object of sale is processed with other objects not belonging to us, we shall acquire co-ownership of the new object in the ratio of the objective value of our object of sale to the other processed objects at the time of processing. The same shall apply in the event of mixing. If the mixing takes place in such a way that the item of the customer is to be regarded as the main item, it shall be deemed agreed that the customer transfers co-ownership to us on a pro rata basis and shall keep the sole ownership or co-ownership thus created in safe custody for us. In order to secure our claims against the purchaser, the purchaser shall also assign to us such claims as accrue to him against a third party as a result of the combination of the reserved goods with a property; we hereby accept this assignment.

We undertake to release the securities to which we are entitled at the request of the customer insofar as their value exceeds the claims to be secured by more than 20%.

#### § 9 Warranty and notice of defects as well as recourse/manufacturer recourse

Claims for defects shall not exist in the case of only insignificant deviation from the agreed quality, in the case of only insignificant impairment of usability, in the case of natural wear and tear as well as in the case of damage occurring after the transfer of risk as a result of incorrect or negligent handling, excessive stress or due to special external influences which are not assumed under the contract. The Buyer shall notify us in writing of any obvious defects in the delivered goods and incorrect deliveries immediately upon receipt of the goods at the place of destination, and of any hidden defects immediately upon their discovery.

In writing. In this case, the Buyer shall send the goods complained about, together with the test report

and indication of the LOT No. in the original packaging, to our complaints department for inspection.

If the complaint is justified, we will repair or replace the goods free of charge. In the case of subsequent delivery, the purchaser is obliged to return the defective item. If rectification or replacement proves to be impossible or unreasonable, the Buyer shall be entitled to assert the statutory warranty rights. (3) Rectification of defects by the Buyer or third parties shall be excluded in principle unless we have agreed to this in writing in advance. In this case, the Buyer shall be entitled to claim reimbursement of the necessary costs. (4) The Buyer's claims based on a defect shall become time-barred one year after the passing of risk. (5) We shall not be liable for damage resulting from improper use, faulty assembly, repair or maintenance by the Buyer or third parties or from natural wear and tear. (6) In export, quality requirements resulting from national regulations, standards or customs of the country of destination require a contractual agreement.

The Purchaser shall not be entitled to refuse replacement deliveries.

#### § 10 Returns

Special orders and custom-made products are generally excluded from the possibility of return. Ready-to-use medical products comply with the regulations of the Medical Devices Act (MPG). If the products are used for a purpose other than that specified by us or a third party manufacturer or in an improper manner that does not correspond to the product, the claim under the Product Liability Act shall expire. We do not accept any liability for consequential damage, in particular in the event of use without prior sterilization of our products.

All returns made after our approval travel at the risk and expense of the sender. The returned goods will be credited, after deduction of a handling fee of 20% of the invoice amount, and credited to the next delivery. The returned goods must reach us free of all transport and transport insurance costs as well as other possible additional costs. Return shipments that are sent freight collect or cash on delivery will not be accepted. If the customer does not accept the goods contrary to the agreement, he shall be liable to us for the damage incurred. This is agreed at a flat rate of 20% of the invoice amount. In addition, the customer has to bear the costs for the outward and return transport. Complaints due to differences in quantity must be reported to us in writing immediately, at the latest within 5 working days after receipt of the goods at the destination. In the event that the complaint is justified, a subsequent delivery or credit note will be issued in the amount of

the missing quantity.

#### § 11 Miscellaneous

This contract and the entire legal relationship between the parties shall be governed by the laws of the Federal Republic of Germany to the exclusion of the UN Convention on Contracts for the International Sale of Goods (CISG).

All customer data is stored on an electronic data processing system. WARRANTY The goods may not be sold without the trademark affixed by us. The serial number may not be removed or made unrecognizable. Furthermore, the purchaser is prohibited from using our trademark in any way.

THE EXPORT of our products requires our express consent.

PLACE OF DELIVERY for delivery and payment is Berlin.

JURISDICTION is Berlin.

#### § 12 Severability clause

Should individual clauses be or become invalid, this shall not affect the rest of these terms and conditions. These remain effective. An invalid clause shall be reinterpreted as a valid clause that achieves the same economic objective. Deviations or extensions, in particular verbal agreements and other ancillary agreements, must be in writing to be effective. This shall also apply to deviations from this written form requirement.
